Helen,

David Primozich of The Freshwater Trust said he will be driving up from Portland at 8 am but would make sure to be pulled over at a rest area or somewhere at that time to take the call. I will call both of you and conference you in. Also, David said that Dick Pedersen left a voice mail message for Ted, so if you could wait another 24 hours to give them time to talk before you tell Melissa about the proposal, that would be good.
