C Project Descript & D Additional info biography.pdf

Hi everyone,

Great news from USDA this morning. Our CIG proposal was accepted. Here's the link to the full list of awardees:  
<http://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/cig>

The Secretary will be making his formal announcement this morning, so we ask that we don't spread the news out in front of him. Willamette Partnership and The Freshwater Trust will send out a press release this morning (the press was already given an advance briefing by USDA).

I've also attached the project narrative as a refresher. Please keep me posted as you get contacts or questions on the grant, so we can keep all the different messages and stories together. I'll be leaving some voicemails for you all this morning, but then circling back around in the next few weeks. In the mean time, don't be shy about giving my cell phone a call at 503-334-6872. So excited to be working with you all!

Bobby
