History: This message has been forwarded.

Hi everyone,

We've had a great set of meetings with Oregon, Washington, and EPA over the last two days and are excited to get out to Idaho here soon. Thank you all for your time! We'll get a list of action items out here shortly. This email is for you to hold dates for the 4 interagency workshops for the project.

Please hold the following dates for the interagency workshops.

April 9-10

June 5-6

August 20-21

October 16-17

Each workshop will be 2 days, scheduled ~10-5 on Day 1 and 8-3 on day 2 to accommodate those who anticipate same-day travel. The location of the first workshop will most likely be in Hood Canal, WA at the Harmony Hill Retreat Center. The city and specific location of the others will be identified shortly, but if there are constraining factors that should be considered as I do this, please let us know.

We will also have rough agendas for each workshop, so we know when we might bring other agency staff in for a particular topic. Please let us know if we need to forward this on to anyone else, and while Carrie is on a much-deserved vacation this week, please email me with any questions. Thanks!

Bobby
