Hello everyone,

We've been talking with each of you over the last few months about our collective grant from USDA to create a Joint Regional Agreement around water quality trading. We'd like to host a kick-off call here in the next few weeks just to make sure we're all on the same page regarding what we're after, who the team is working on this, and what some of the timelines and milestones look like.

We're thinking we'll need 60-90 minutes by phone and webinar. Basic agenda will be:

- Introductions
- Overview of the project—why we decided to do this and what success might look like
- Roles for team members
- Overall timelines and milestones
- What the next 4-5 months look like as we focus on convening

Please fill out your availability using the Doodle link below:

<http://www.doodle.com/z4477y22rsveyw2p>

If you find that we missed someone on the distribution list that needs to be on this call, please let us know so we can get them included and we're aware of who needs to be looped in for the future. We're excited to formally get going, and we're excited to be working with all of you!

Bobby
