Hi Claire,

So far, the 17<sup>th</sup> is by far the best. Bobby will be unavailable on the 23<sup>rd</sup>, so that is off the table, and Helen Bresler will be out of town the entire last week of January, so we wouldn't be able to coordinate trips to meet with EPA and Ecology on the 28<sup>th</sup> and 29<sup>th</sup>.

I know you said that you'd rather not pick a day yet, but if it at all possible to lock in or at least hold the 17<sup>th</sup> for those who you have on board already, that would be great.

Best,

Carrie

Bobby & Carrie,

I'm still identifying the EPA team members - the enforcement person is the last one to be named - but with the names I have so far, (Christine Psyk (Manager), Bill Stewart (TMDLs) and Susan Poulson (NPDES - but her boss needs to approve still), I checked their calendars and these dates look open.

Thurs., Jan. 17: 1 - 4 pm

Weds., Jan. 23: 9 - 4 pm (but we're not offering the entire day!)

Tues., Jan. 29: 1 - 4 pm

Weds., Jan. 30: 1 - 4 pm

Which dates will work for you? I don't want to pick one yet, but to start narrowing it down with people here.
