Subject: Re: Good news! we have some Travel \$

Hi Claire,

That is great news! Here's what we have so far on the agenda for Workshop #3. We'll work to get it into a more formal format over the next couple days.

Day 1 - Wednesday 8/21 (10:00am - 5pm, 1 hr lunch, 2 -15min breaks = 5.5hrs)

30min Intros etc

Discussion of best practices for water quality trading for:

1hr - Delegation and roles in market operations (including role of third parties, funding/resource constraints)

30min - Confidentiality (including FOIA)

1hr - BMP approval processes and standards (from subgroup)

1hr - Criteria for pilot projects

1hr - Check-in on the anticipated nature of the agreement

30min - Review draft modeling decision matrix (as available)

Day 2 - Thursday 8/22 (8:30am - 3pm, 1 hr lunch, 2 -15min breaks = 5hrs)

15min - Recap

Discussion of best practices for water quality trading for:

2hrs 15min - Permitting, compliance, and enforcement

1 hr - Monitoring, maintenance, and recordkeeping requirements

1 hr - Adaptive management and effectiveness monitoring

30min - Action items, next steps, wrap up

Workshop #4 will be a catch all, cleaning up after the issues we haven't been able to resolve through tracked changes and comments. It is highly likely we will be discussing the transition into pilot phase and the nature of the agreement itself, but other than that there isn't a specific agenda at this time, nor is it likely to until after Workshop #3.

I hope this helps.

Best,
Carrie

The last of FY13's budget has finally been released and it's a little better than we thought. That means EPA Region 10 will be covering our own travel to the Boise meeting and the Oct. one as well. We need to get our requests in soon so people are asking me for an agenda or at least an outline of one, with the approximate times the meeting would start

and end, and the topics that would be covered (since Dustan Bott is asking if he should be there). Do you have anything to send me that would address that?

Also, there's a good chance I'll get to go to the US Water Alliance roundtable on water quality trading, so Carrie won't feel so lonely! I'll keep you posted.
