Subject: Materials for Workshop #1 - Not quite there

Hi folks,

I apologize, I wanted to get drafts of the Options Memos out today for internal review, looks like that will have to be tomorrow, requesting turn around by Monday 3/25 COB (instead of this Friday). Hopefully folks can set aside some time on their calendars to meet that timeline. We're looking at about 4 docs, 30 pages of content total.

Each memo introduces the element (e.g. Quality standards) describes some of the trade offs, then lays out options and a recommended default (where we have them as of last Tier 2 draft), or questions/considerations where we don't.

Memos are on:

- Eligibility
- Validation
- Quality Standards
- Verification, Certification, Registration

Thanks
Carrie
