Subject: RE: Medford permit walk-through- back to Seattle?

I forgot to say I also reserved a call-in phone number you can send to others and put on the agenda. It's **Exemption 6: Non-responsive**
Exemption 6: Non-responsive

Subject: Medford permit walk-through- back to Seattle?

Hi Claire,

Looks like the large conference room in Lacey is booked that day and DEQ's technical staff is going to attend remotely anyway, so we are back to EPA headquarters. So much finagling to end up where we started!

The confirmed date and location will be **March 18th, 1:30 - 4:30 at EPA Region 10 Headquarters** Anticipated attendees are below, please correct or add to my list. I extended the invitation to IDEQ staff as well and I'm asking Helen and Melissa if they'd like to bring their permit writers, though I'm not sure if they'll want to do that.

EPA:
Claire Schary
Christine Psyk
Chae Park
Susan Poulosom
Bob Rose (by phone)
Bill Steward (by phone)
Others? Neil suggested perhaps Karen Burgess and Dru Keaton, if you think that's appropriate.

WP:
Carrie Sannman
Bobby Cochran
Neil Mullane

TFT:
Joe Furia
David Primozych
Karin Power
Tim Wiggington

Ecology:
Helen Bresler
Melissa Gildersleeve

ODEQ:
Ranei Nomura
Dan Turner - Lead modeler for Rogue TMDL (remote)
Jon Gassick - Permit writing for City of Medford (remote)

Best,
Carrie
