Team,

If you had comments on the materials sent to us before the last workshop (I sent my comments on one of the documents to all of you, but will attach them again here, in case that inspires you), please get them to Carrie Sanneman at the Willamette Partnership today. Also, see their request below for example TMDLs with concentration limits.

Hi everyone,

This is a final reminder to get us any comments that you have on the discussion guides from Workshop #2 so that we can incorporate your thoughts into the draft best practices that we are currently writing.

Best,
Carrie

Hi Everyone,

Thank you again for such a productive workshop the other. We're excited about all the discussions we had and the work ahead.

Coming up: We will get you a draft meeting summary in just a couple days, so please anticipate giving that a quick review. Draft Best Practices from this meeting and a refined version of those from Workshop #1 will also come to you within the next 2-3 weeks. Please anticipate giving a detailed read to those. These are the core of what we'll be agreeing to pilot come November.

Action Items: While we finish up meeting notes, we wanted to get a jump start on action items, those we noted for agency staff are listed below:

1. By 6/21: Review Workshop #2 discussion guides and provide comments. These will be used primarily in the development of Draft Best Practices around these elements.
2. By 7/1: Send WP and TFT individual state rules, regs, policy, and agreements on confidentiality and FOIA
3. By 7/1: Send WP/TFT examples of TMDLs with concentration limits

2-pager: The final JRA two-pager/factsheet is attached. We will be posting a PDF version online by the end of next week. Thanks to all for the numerous rounds of review. We feel confident this is a strong and accurate representation of our work.

Best,
Carrie
