Subject: FW: Agenda and Materials - March 18th meeting to review Medford trading example
Attachments: Medford_Trading_Review_Agenda_2013_03_18_[1].docx; City_of_Medford_Discharge_Monitoring_Report_Oct_2012[1].pdf; Medford Fact Sheet.pdf; MedfordEVAL[1].pdf; MedfordEVAL2011_amendments_(final)[1].pdf

Folks,

I'm attaching directly the documents that are linked in the message below - more materials to read (if you have time) before the meeting at 1:30 (Seattle time) on Monday. Namely these are the fact sheet for the Medford permit (and you only need to read pages 25-35), the Evaluation Report & its amendments, and the DMR. The presenters would love to know in advance any questions you have based on what you know or read so far, and please send those to me and Carrie Sanneman (she's the one who sent the message below).

Also, I'm reattaching the agenda here so that you have it handy. Please email or call me with any questions or concerns you have about the meeting.

The meeting location in Seattle is in 15-D/K. Please come on time. Those participating remotely will need to give yourself time to get connected to the Go2Meeting site. There is a separate number to dial in, so if you're having trouble connecting or hearing us, please speak up.

Finally, a few of you didn't accept the meeting invitation and deleted it instead, which means it's not on your calendar, so I've sent you another invitation that you need to accept to get it on there. I apologize if this Outlook system is sending the rest of you unnecessary updates to the meeting - I am selecting the option for only those I've added, but it seems to have a mind of its own!

Hi Everyone,

We're looking forward to seeing you Monday. ODEQ staff have provided a few more resources that I wanted to pass along before hand. Attached is the Permit Evaluation Report and Fact Sheet (with amendments). Those are available online [at this link](#) and I will post them on the project website shortly.

I'm also attaching the Discharge Monitoring Report for Oct (critical period) per request.

If you are finding questions or points of interest as you review materials, please feel free to email them to me and I will distribute them to the presenters. This will help us do last minute adjustments to our presentations and be ready to effectively address them.

Best,
Carrie

Hi Everyone,

Attached are the final agenda and materials for next Monday's meeting (3/18; 1:30-4:30) at EPA headquarters to walk-through the Medford trade from TMDL to transaction model. The following materials are attached, and everything is also up on the [project website](#).

- Agenda
- "What is water quality trading" 1-page handout
- Rogue TMDL fact sheet
- City of Medford NPDES Permit (pgs 10,11, 16, 21-23)
- City of Medford Thermal Credit Trading Plan
- TFT & City of Medford Thermal Credit Contract

We're sorry we could accommodate everyone's schedule. For those interested in attending remotely, there is webinar and call-in information on the agenda as well.

Please send this along to others that are attending and feel free to follow up with any questions.

Best,
Carrie
