Subject: RE: Confirmation for April 9-10th Interagency Workshop

Carrie,

To take the pressure off of you to have all the answers to my questions, you should know that Bobby and I chatted yesterday, and so now I have a better idea of who should be there on April 9-10. I am still waiting to hear back from Susan Poulosom, who's on vacation until tomorrow or Fri., but I heard from Bill Stewart and Dustan Bott that they are available for both days and are willing to spend the night if their lodging and meals can be covered. Chae Park has a conflict and won't be able to come at all, but he and Dustan will confer on the materials you provide in advance, so that Dustan can share Chae's perspective as well. I hope Susan will be able to come for both days, and her calendar shows she's available, but I'd like to check with her first. Therefore, I should be able to meet your Friday RSVP deadline – but Bobby was going to get back to me first on how many people would be covered for lodging and meals for 2 days – he mentioned up to 4 people, so those would be me, Bill, Dustan & Susan. Bill would also need to have his airplane ticket from Boise covered. If that's not possible, I could probably get another TMDL person to participate for the first day at least (but having them be male, to be able to share a room with Dustan if they could stay both days, is not possible). Finally, Christine Psyk would like to come for the first day only, if her schedule allows. She's keeping it open but there are two days of meetings scheduled with senior managers visiting from HQ April 10-11 that we hope will be postponed due to our budget constraints.

On the topic of the March 18 meeting, I broadened my invitation list to include the EPA people Neil Mullane and Melissa Gildersleeve suggested be there, but haven't heard back from all of them yet. I hope Bobby hasn't forgotten to provide me an email with the reasons why David Allnut, in our Office of Regional Counsel, needs to be there – doesn't mean I'll be able to get him to commit the full three hours, but he might be able to participate on particular topics for a small portion of that time.

Thanks!

Hi Claire,

I am very very sorry for the slow response. I have been traveling and the time available for email ended up being very limited. For one thing, you are the only one to have noticed that my timelines made no sense. I had the month wrong, they should all be in March, leading up to the April workshop. I'll let folks know as soon as I am able.

As for who should attend, I'm not sure I can give a clear answer for that, so I'm going to put them back on you a bit. We won't have the issues framed out more fully until later this month, but if you can coordinate feedback on materials and bring questions back to EPA after the workshop, it may be that we just need you there. You have been a really effective liason thus far, but I also don't want to put undue pressure on you if you think it would put you out of your depth on specific issues. What do you think? Would it be easier if I did some preliminary brainstorming on the agenda topics for the type of questions we may hit? Other information I can provide that would help clarify who should be there?

Carrie

Carrie,

I have a few questions about the information you provided below:

- Were you wanting the people from EPA to spend the night and would WP be offering to pay the cost? If so, how many were you thinking? I can't tell from the agenda who would be needed for each topic, since it's still worded very broadly, but perhaps a permit person and a TMDL person and myself. However, since it's only 1 hr 45 min. driving distance from Seattle, we could bring more people if you didn't need everyone to stay overnight. Some of those may want to just come for one day anyway (perhaps Christine Psyk).

-- Are the timelines for the materials to be received prior to the workshop for the June workshop, or did you mean to have dates in March for the materials to be used for the April workshop?

I will hold off sending this out to my team and indicating who I think should attend until I hear back from you.

Thanks!

Subject: Confirmation for April 9-10th Interagency Workshop

Hi Everyone,

We are pleased to confirm that the first Interagency Workshop of the Joint Regional Agreement process will be held at the [Alderbrook Resort](#) in Union, WA on April 9th and 10th.

Location Logistics: It is a beautiful spot on the banks of the Sound, ~1 1/2 hours from SeaTac and ~2 hours from downtown Seattle. We'll begin at 10 AM on Tuesday, April 9th and finish by 3:00PM on Wednesday April 10th, which we hope allows for same-day travel. Lunch and dinner will be covered on Day 1, breakfast and lunch on Day 2 and hotel rooms will be arranged for the night of the 9th. Please have all anticipated attendees **RSVP by next Friday, March 8th** to our Office Manager, Musa Jaman (jaman@willamettepartnership.org). To manage workshop costs, we'll plan on having folks share rooms, but let Musa know if you would like an individual room and we'll accommodate as much as we are able.

Agenda and preparation: The draft agenda is attached here, questions or comments are welcome in the next week or so. The agenda should be helpful in determining who all would be best to attend from your agency, I'm also happy to talk through it if that's helpful. We know that the technical staffs' hours are in short supply, they will not be critical at this workshop but are certainly welcome to attend.

Key timelines running up to the agenda are:

- **March 8th** - All attendee RSVP to Musa Jaman, submit comments on draft agenda to Carrie Sanneman
- **April 12th** - Receive a draft outline of Tier 2 and Guiding Principles for water quality trading
- **April 22nd** - Submit comments on Tier 2 Outline and Guiding Principles to Willamette Partnership
- **April 26th** - Receive meeting materials to review prior to the workshop

Finally, remember that everything will continue to be posted on the [project website](#) if you lose track of emails or attachments. I can "invite" anyone to the project website, just let me know.

Best,

Carrie
