Team,

Here are revised versions of the notes and documents coming out of our first workshop. Please look them over and provide comments directly to Carrie (and copy me). Thanks!

Good morning!

Attached are documents representing the follow-up from Workshop #1. Please review and send us your feedback by **Wednesday, 5/22**. All documents are posted on the project website.

Here's what we have:

- **Final Meeting Summary** - incorporating feedback from the version distributed on 4/19
- **Revised draft of the JRA 2-pager** with tracked changes
- **Revised draft of the Guiding Principles** with tracked changes
- **Draft Best Practices from Workshop #1** - these represent our best attempt to synthesize points of consensus we heard on the Workshop #1 topics during and since the workshop. The intention is that we continue to revise this document until all are satisfied and we can consider upgrading them to Pilot Best Practices come November.

As usual, I have included only the core project team on this email so that you may distribute within your agency as most appropriate. Please follow up with questions, and enjoy your weekend.

Finally - for those participating in the BMP call next week - please look for an agenda and brief materials from me by this afternoon.

Best,
Carrie
