Subject: FW: Agenda and Materials for JRA Workshop #2 - June 5-6th

Here are some documents to look at before the next workshop, which is next week (June 5-6 in the Portland area). For those not attending the workshop, any comments you have on the documents will still be appreciated! I haven't looked at the attachments yet myself to know which ones you should look at first, but I will send out targeted messages if I want to make sure we get feedback on specific documents or sections of the document.

Subject: Agenda and Materials for JRA Workshop #2 - June 5-6th

Hi everyone,

I know you've been hoping for some reading material for the holiday weekend, so attached are the agenda and materials for the next interagency workshop. Like workshop #1, we have a lot of content on the agenda to cover, and we would very much appreciate if you are able to give these materials your attention between now and then so that we can come to the workshop on the same page and work through them efficiently. All will be up on the [project website](#) tomorrow morning, let me know if you are having trouble accessing them:

- **Draft Agenda:** includes directions to Edgefield
- **Discussion Guides**
 - **Draft Communications Plan**
 - **Credit Characteristics:** covering start and end date, renewal, etc.

- **Overall Trading Program Requirements:** including trading ratios, reserve pool, WLA and LAs and how they relate to baseline
- **Credit quantification and site assessments:** modeling approaches

Neil will be checking in with someone from each agency to walk through the agenda and materials sometime next week, but send along questions, concerns, and any additions to the agenda.

Hope everyone has a great holiday weekend!

Best,
Carrie
