David, the document that contains the legal perspective that Joe Furia shared with us is in the attachment titled JRA Tier 1... That document is not a draft MOA at this point but it anticipates that one will be developed and the implications is that the legal representations would be part of it.

These are the documents they sent us for that first meeting - not an MOA but an outline of their legal analysis.

Hi All,

We're very much looking forward to the Convening Interview next week (Thurs 1/17, 1-4PM) for the Joint Regional Agreement on Water Quality Trading. Neil Mullane will be helping us lead the meeting, Bobby Cochran will be representing Willamette Partnership, and Joe Furia, Karin Power and Tim Wigington will be representing The Freshwater Trust.

We'll start with introductions and a quick background on the project and then dive into the Convening Interview Agenda Questions, which are attached. Please spend some time over the next week walking through these, jotting down your thoughts, and consulting with others internally as appropriate. We're

flexible on the order in which we tackle these, so if you have suggestions or if certain folks will only be able to make part of the interview, please let us know and we can adjust the order accordingly.

I've also attached a discussion/strawman draft of the legal authorities for trading (also called Tier 1). There is a cover page in the document to provide context and some questions to be considering as you review. We'll discuss the draft in the interview session, but we would also like written comments. Please follow up with me with any questions.

Best,
Carrie
