Thought you'd be interested to know that Jeff picked Chae - who I worked with on the Lower Boise water quality trading project more than 10 years ago. I thought he was great to work with then, so I'm happy to have him back now, and I hope he's excited too.

Hey Claire - I did some thinking about the project and who might be best to take this on at this time. I have asked Chae Park to be the lead on this project. Feel free to reach out to him. He flexiplaces on most Wednesdays.
